ROWING

Georgia and Morgan Shiels recently represented MacKillop College in a first-time collaboration with Central Tablelands Rowing Club, to participate in the Pymble Ladies College Regatta at Iron Cove. The girls raced in the Single Sculls categories where the conditions were spectacular with flat water and a slight breeze. Morgan rowed strongly to finish in fourth place in the Year 8 Single Sculls, whilst Georgia gained first place in the Year 9 Single Sculls and received her first ever medal.

At the presentation special mention was made by the commentator that it was the first time MacKillop College had been represented in Rowing and to achieve this win was fantastic. Their coach, Joe Martin, was very pleased with their efforts and hopes the school may have other girls interested in the sport.
