

## **MacKillop College's ANZAC 100 Years Commemoration Garden**

As we commemorate the 100 year anniversary of the landings at Gallipoli, we here at MacKillop College want to reflect and remember those men and women who went to war and the sacrifice they made.

Ten years ago MacKillop College was given a small gift of a tree, a descendant of the Lone Pine. This pine was nurtured over the years and finally planted on the College grounds. It has now grown into an established tree.

We would like to develop a landscaped area and garden incorporating this Lone Pine, where the College community can gather every year to reflect and give thanks for the freedoms we enjoy today.

The garden will consist of 100 Gallipoli Rosemary plants. We are offering members of the College community a chance to sponsor a plant /s for \$15 each in memory of a family member who went to war. Sponsors will be acknowledged through News and Views and the College Yearbook.

To sponsor a rosemary plant, place \$15 into a College envelope, clearly fill out your details, add account number 2.1003 and hand in to the front office. Your name will be registered against one of the 100 plants.

Once all of the plants have been sponsored, they will be planted out in two rows and hedged over the coming years.

We would like to acknowledge and thank Churches Nursery, Australian Native Landscapes and MacKillop P&F for their assistance and donations to this project so far.

Any enquiries please contact me through the College office.
