

BOARDERS CORNER

On Tuesday 23 February Emma Hayden and Stephanie Moors attended a Senior Science Excursion. The girls visited Bathurst Water Filtration and the Waste Water Plant to investigate the supply of tap water and the treatment of waste water in a town community.

Last week Joely Drinan joined the boarding community for a few days as a casual boarder. If parents are looking for casual boarding opportunities for their daughter please contact St Joseph's House.

On Thursday, Year 11 attended RYDA at Mount Panorama Pit Complex. RYDA's practical and powerful workshops provided the girls with a variety of tips from road safety experts. The boarders spent Friday evening at the MacKillop Fete. With each Care Group working on the chocolate toss for a timeslot.

Saturday afternoon the boarders from the graduating class of 1996 visited SJH, reliving many memories from their years at boarding school. Georgia and Emer had a successful day on Sunday at the regatta. Georgia and Emer both won gold, Georgia in the doubles and Emer in the quad. In the singles Emer placed third and Georgia fourth. We wish the girls well for next weekends School girls' Head of the River competition.
