

STUDENTS HELP TO CLOSE THE GAP

The importance of closing the gap on inequalities between Indigenous and non-Indigenous people was highlighted recently during a special educational campaign presented by TAFE Western Bathurst College.

As part of the educational session, students had the opportunity to participate in an art competition.

Students were able to express their ideas through a choice of mediums.

Congratulations to Jadzia Nicholson in Year 8 who won first prize with her artwork (pictured above), and to Georgia Vickery in Year 12 who won third prize, her artwork (pictured left).
