At the end of the school week, Emma, Steph, Issy, Sarah, Trinity and Tash departed the boarding house at 5.20am for an excursion to Collaroy. The beach walk and rock pool visit provided an opportunity for the students to access data collected from an ecosystem, while teaching them how to use devices explicitly designed to collect this information.

St Patrick's Day was celebrated at SJH with a themed dinner. The dining room was decorated and the girls had an assortment of green outfits. A special thank you to Darrin for organising the night.
