

## AFL GIANTS CUP

On Wednesday 15 June the MacKillop College Under 15's and Senior AFL teams went to George Park to compete in the Giants Cup. Despite the freezing conditions in the morning, once the fog lifted, the frost melted, and the sun came out, it proved to be an excellent day of competition. MacKillop College displayed great team work and sportsmanship throughout the day. Most of the players on the teams had little experience playing competition AFL, however having some training sessions at school gave the students a great preparation.

While Kelso High was the only other school to enter a team into the junior and senior girls competition, both schools played several matches throughout the day.

MacKillop is to be congratulated for their ability, finishing the day undefeated. The final game between the MacKillop Under 15's and a combination of the Kelso junior and senior teams was played in the spirit of enjoyment rather than competition.

The MacKillop College Under 15's team now qualifies for the next level of the Giants Cup. Unfortunately the Seniors competition did not have a pathway of progression.

Thanks to Mr Chris O'Rourke for assisting with training and running the teams on the day, Mikala Bringolf for her assistance with positioning and rules of the game, Kelsey Smith from the Giants AFL Club for running the competition, and Graham Grundy, President of the Bushrangers AFL Club, for lending out a uniform for two teams - a total of 48 shirts!

Any students interested in playing competition AFL in Bathurst can contact Graham Grundy Bushrangers President on [president@bxbushrangers.asn.au](mailto:president@bxbushrangers.asn.au)
