

CAREERS' NEWS

It's a busy time for our students with Careers this term. Year 12 can pick up their new UAC Guides from my office as well as UAC booklets on the SRS Scheme, Equity Scholarships and the Education Access Scheme. Year 12 has been emailed with this information, but parents, please remind them if need be. Term 3 is the time for Year 12 to consider their early entry and scholarship applications if considering university study. Parents can help their daughters with these processes and if further information is required please contact me at school.

If anyone is interested in a hairdressing apprenticeship, Absolute Hair Studio is hiring. Visit their salon for details with your resume.

Year 10 attended the Bathurst Jobs' Expo last Wednesday at BMEC and gained valuable information to help them in their future career choices. Some of our students made it to WIN News!

I have a number of spare current UAC (University Admission Centre) Guides if anyone is interested in having a copy. This is a valuable resource and well worth becoming familiar with for students of all high school ages. Parents, please organise your daughters to pick up a copy from me at my office. It has a lot of excellent information that will help you in becoming more confident knowing about the HSC and further university education
