

FRENCH IMMERSION

A warm welcome to five French students from Lycée Saint André, our sister school in Colmar, France. The students will be at MacKillop for an extended exchange of seven weeks so as to be immersed in Australian language and culture. The girls will be residing with MacKillop families whom I sincerely thank for their hospitality and generosity. The five Year 11 MacKillop girls hosting the French students will travel to France in December for a six week home stay in Colmar. Quelle chance!

Carmel Freeman - French Immersion Program Coordinator
